We care about
Learning

Our Vision

E-Guru inspires community engagement and inclusive learning environments through the use of emerging technologies.

E-Guru is dedicated to supporting faculty, contributing to teaching excellence, and enhancing student success through: exemplary instructional design, effective application and integration of instructional technologies, interactive digital media development, administration and enhancement of the university's enterprise learning management system (Blackboard), and the deployment of innovative emerging technologies.

**"Learning Never Ends.
It continues with
E-Guru"**

Our Services

BLOGS

Many blogs provide commentary on a particular subject or topic, ranging from philosophy, religion, and arts to science, politics, and sports. Others function as more personal online diaries or online brand advertising of a particular individual or company.

COURSES

Allow people to learn for personal accomplishment or to earn a professional degree, without physically attending a traditional university or academic setting.

FACILITIES

E-Guru provides scalability which helps in providing training. All students can receive the same type of syllabus, study materials and train through E-Learning. Can save time, money and reduced transportation cost.
